

Title	Natural Capital Evidence Bank (NCEB)
Abstract	This dataset is part of a large initiative being carried out by the Natural Capital Markets and Accounts (NCMA) branch to produce environmental-economic accounts under the UN-endorsed System of Environmental-Economic Accounting (SEEA) international statistical standard. The Natural Capital Evidence Bank (NCEB) is the repository where SEEA accounts produced by the NCMA, and other valuation frameworks, are hosted. The NCEB includes linked natural capital accounts, which provide treasury-ready evidence and quality-assured accounts developed by economic experts.
